PROFESSIONAL SUMMARY

Final-year MCA candidate (2026) and Full Stack Developer with 6 months' hands-on experience building production-style web apps (React.js, Next.js, Node.js, MongoDB) during a Full Stack Developer Internship at NIELIT. Built and deployed real-world AI systems — a Java/Spring Boot criminal face detection platform (OpenCV, TensorFlow) and a Python skin disease risk prediction pipeline. Google Analytics–certified and Java-certified (MSCB University/Aakanksha IT Hub), with an award-winning record: 1st Place, Odisha AI Symposium 2025; 1st Prize, MSCB University Innovation & Startup Competition 2025. Strong in Java, Python, C/C++, SQL, DSA, REST APIs, and CRUD, with growing cloud fundamentals (OCI). Seeking an entry-level Software Developer / Full Stack Developer / Data Analyst role.

TECHNICAL SKILLS

- **Languages:** Java, Python, C, C++, JavaScript, SQL
- **Full Stack Development:** React.js, Next.js, Node.js, Spring Boot, Express.js, REST APIs, HTML5, CSS3, MongoDB, MySQL, CRUD Operations
- **AI / Machine Learning:** TensorFlow, OpenCV, Scikit-learn, Pandas, NumPy, Computer Vision (Face Detection), Data Preprocessing, Model Training & Evaluation
- **Data Analytics:** Google Analytics, Web Traffic & Conversion Analysis, Digital Marketing Statistics, Data-Driven Reporting
- **Databases & Tools:** MySQL, MongoDB, SQL, Git, GitHub, Vercel, Postman, VS Code
- **Cloud & Infrastructure:** Oracle Cloud Infrastructure (OCI) Foundations, Cloud Computing Concepts, System Troubleshooting, Deployment (Vercel)
- **Core Competencies:** Data Structures & Algorithms, Role-Based Access Control, Critical Thinking, Technical Documentation, Analytical Problem-Solving

EXPERIENCE

Full Stack Developer Intern — National Institute of Electronics & Information Technology (NIELIT)

February 2026 – Present | 6-Month Internship Program

- Developed and deployed full-stack web applications using React.js, Next.js, Node.js, and MongoDB, gaining hands-on exposure to application deployment and environment configuration.
- Engineered front-end components and back-end REST APIs, implementing complete CRUD workflows for real-time data operations, including the Online Examination & Result Management System.
- Collaborated with a cross-functional technical team to debug, test, and document application features, applying structured problem-solving, clear technical writing, and Git/GitHub version control.

PROJECTS

Criminal Face Detection AI [Live Demo](#) | [GitHub](#)

- Built an AI-based surveillance platform for real-time criminal face detection, monitoring, and secure role-based user management using Java, Spring Boot, MySQL, OpenCV, and TensorFlow.

AI-Assisted Skin Disease Detection [Live Demo](#) | [GitHub](#)

- Built an end-to-end Python machine learning pipeline to predict skin disease risk margins from clinical datasets, covering data preprocessing, feature selection, and model training/evaluation.

Online Examination & Result Management System — NIELIT Internship (Real-World Project)

- Developed a web-based examination platform enabling students to take online tests and view results instantly, with secure user authentication and automated result processing.

CERTIFICATIONS

- **Google Analytics Certification** — Google Analytics Academy, May 2026 | Credential ID: G-ANA-26-18343C | [View Certificate](#)
- **JAVA Programming — Certificate of Completion** — MSCB University / Aakanksha IT Hub, ITDA Baripada, Jan–Jun 2026 | Credential ID: JAVA-MSCB-26-AIT | [View Certificate](#)
- **Full Stack Web Development** — National Institute of Electronics & Information Technology (NIELIT)
- **Oracle Cloud Infrastructure (OCI) Foundations** — Oracle

ACHIEVEMENTS & AWARDS

- **1st Place** — Odisha AI Symposium (OAIS) 2025, Northern Odisha Region, for innovative AI implementation paradigms | Odisha AI & NIST Berhampur | [View Certificate](#)
- **1st Prize** — Innovation & Startup Competition 2025, MSCB University, for ‘SudhAr-NAP: Bioremediated Sanitary Napkin’ (eco-friendly design & startup viability) | Sep 2025 | [View Certificate](#)
- **Participant** — RTCCA 2025 National Conference on Recent Trends in Computing, Communication & Applications, MSCB University | Mar 2025 | [View Certificate](#)
- **Participant** — 2nd Industry Academia Interface Meet (AIIM), bridging university education and IT industry requirements | [View Certificate](#)

EDUCATION

Master of Computer Applications (MCA) — Pursuing | Maharaja Sriram Chandra Bhanja Deo University | Aug 2024 – Apr 2026

B.Sc. Physics — 72.40% | Utkal University | 2020 – 2023
